Project Location: **48th Street from Piedmont to Guadalupe**

Project Description: Install Shared Lane Markings (SLMs) per 2009 MUTCD on 48th Street, 250' apart, in center of 13' curb lane from Piedmont Rd to Guadalupe Rd. Also add R4-11 (Bikes May Use Full Lane) at beginning of SLMs. An overlay was recently completed but neither a bike lane nor an edge stripe was added. Shared lane markings are the only remaining option. Use green paint if necessary, and bike route signs (D11-1) with arrow plaques (M6-1) to indicate bike route directions at T intersections.

Street Classification: **Collector**

INSTALLATION NOTE:
 NOTIFICATION PETITIONING
